**ASSEMBLY INSTRUCTIONS**

- Mallet may be required for assembly, check with hall desk for tools
- If lofting bed, safety rail should be used
- If lofting near a window, the safety bar must be placed next to the window

**SAFETY PROCEDURES**

- Two or more people are required to lift and stack furniture
- Lift with your legs/arms, not with your back
- Remove the mattress before lofting

**GENERAL GUIDELINES**

- Avoid using tape as it will leave permanent marks
- All furniture must remain in the room; no storage is available and furniture cannot be removed from the building
- Furniture must be returned to its original “down” position at the end of your contract or you’ll incur a $50 charge/bed *(bed frame in the third and fourth positions from the bottom of the upright)*
- See Building Supervisors or House Fellows with questions

Different bed heights can be chosen by moving the bed frame up or down on the uprights.

The bed can be raised to its maximum height to allow bookcases to be placed underneath.

Attach stabilizer bars to the top position on the bottom set of uprights.
