LAWN MOWING
SEASON IS HERE!

With the warmer weather and things turning green, it means it is lawn mowing time again. There is a new contractor, and mowing day will be on Tuesdays for now.

Please remember to remove all personal items from the grassy areas before mowing day.

KEEPING IT COOL IN THE SUMMER

With the long, cold spring still upon us, it may seem like summer will never arrive. It will, and after a couple weeks of warmer weather your apartment might feel uncomfortably hot. Fans can be helpful, but many residents choose to purchase an air conditioner.

You can install the unit yourself or you may opt to have the maintenance staff at University Apartments do the installation. The staff will also insulate around it to form an airtight seal, making your air conditioner more efficient and thus, keeping your apartment cooler (and your electricity bill down). There is a small fee for this service which includes removal and winter preparation in the fall.

If you have questions about the dimensions required for your apartment, or would like to request installation, you can call the Facilities Office at 262-2037 or Community Center at 262-3407.

FINALS WEEK COMING UP

While we are a diverse community in University Apartments, the common thread that keeps us all living together is academics at UW-Madison.

Final exams for most of our students begin the first week of May and continue through Friday, May 11. Some schools and colleges within UW-Madison have already begun their finals.

Please keep this in mind as you come and go in the community during the end of the semester. This is a very stressful time for many residents. Please be respectful of neighbors who need to study. We also ask you to please talk kindly with neighbors who are disruptive to your study time. The quiet study room at the Community Center is available until 10 p.m. All of the University Apartments staff, as well as outside maintenance and construction contractors, are aware of the finals schedule. We will do our best to keep our “work noise” to a minimum.

REMINDER: SUMMER STORAGE RULES ARE IN EFFECT

The summer storage rules went into effect on April 1.

Please refer to your storage policy you received when you checked in to your apartment for what can be placed outside. to view a copy of the storage policy visit: www.housing.wisc.edu/apartments/resident/rules

Also, please make sure property labels are replaced if you are leaving for the summer.

Badger Watch began in 2002 with just four buildings on the UW-Madison Campus and has grown to more than 4,000 volunteers across the campus. While we still consider the Badger Watch volunteers the “extra eyes and ears” of the UW Police Department, we think it is time for an update on the program.

The Badger Watch team will still continue to provide the Badger Watch Volunteer training to anyone and anywhere it is wanted. However, we have updated the training and believe it will add more value and knowledge to you, or a new Badger Watch volunteer. With this training you will be empowered to address safety concerns in your work area, observe and report suspicious and criminal activity to the police, and identify any crime prevention needs. We believe a healthy, united Badger community is one of the strongest deterrents to crime. Your awareness, intervention and call to the police could prevent an injury, stop a crime or even save a life.

Also updated for Badger Watch will be the inclusion of monthly Badger Watch Updates via email. This email will be sent out to Badger Watch volunteers the last Monday of every month. This update will include specific crime statistics in various areas on campus, calls for action or information based on these statistics, a list of upcoming events, training, and meetings for the volunteers, as well as recognition of any exceptional service done by volunteers.

Quarterly we will host volunteer meetings to discuss crime trends and crime prevention on campus as well as bring presenters on various topics like:

- Financial and identity fraud and protecting yourself online
- Emergency preparedness for disasters, critical incidents and acts of nature
- How to deal with mental health concerns and available resources for students and staff
- The rise of social media use and protecting yourself online
- And other experts from the community and law enforcement agencies across Dane County

If you would like to know more about Badger Watch and how it can help in the University Apartments and University Houses area please contact me. Stay safe and stay involved.

SUMMER BASKETBALL CAMP AT SHOREWOOD HILLS

The Shorewood Hills Youth Basketball Camp is taking reservations for its eight-week camp. May 15 is the application deadline for the camp, which will run from June 25 through Aug. 25 and be held at the basketball courts on the south side of Shorewood Hills School. The cost is $50 per child.

The program is open to all area residents, boys and girls, entering grades 1 through 6 and will cover the fundamentals of basketball: shooting, dribbling, passing and defense.

No previous basketball experiences is needed and the camp will focus on the importance of teamwork and having fun.

Each session will meet one time per week in the evenings at the court.

For more information go to the village web site at: www.shorewood-hills.org/basketball or you can fill out the on-line form at the Village Hall. Please contact Charlie Benforado at cjbenforado@gmail.com or David Maravilla david_sygk@gmail.com if you have any questions.

TERRACE AFTER DARK

Sunny days and sunsets never get old, but nighttime on the Terrace at Memorial Union is something truly spectacular.

A summer long program that blends free concerts and movies with warm summer nights in one of Madison’s most popular places, Terrace After Dark is your perfect excuse for kicking back, catching some great entertainment and letting your cares float away.

The programs start May 11 and will continue through the summer. The events are free for UW-Madison students, faculty, staff, Wisconsin Union members and their guests. For more information on upcoming events, please visit: union.wisc.edu/events-and-activities/special-events/terrace-after-dark-music-and-film-series.

SEASON UNDERWAY AT OVERTURE

The 2018–19 season is underway at the Overture Center for the Arts.

Overture hosts a variety of events throughout the year.

In addition to housing 10 resident companies, seven performance spaces play host to national and international touring artists and Broadway performers.

For more information, visit www.overture.org or call 608-258-4141.

SUMMER ACTIVITIES AVAILABLE

Summer programs will be getting underway soon and there are a lot of options available. One is the Madison School & Community Recreation (MSCR), which is the public recreation provider for the residents of Madison (within the boundaries of the Madison Metropolitan School District (MMSD)).

MSCR is a department of the MMSD and is proud to have served the community for 91 years as the one for fun in Madison. We have a wide range of recreation programs and services for all ages that are offered year-round. Please visit the web site for more information: www.mscr.org.
IN YOUR BACKYARD: MAKING THE MOST OF THE LAKESHORE PRESERVE

Submitted by Lakeshore Nature Preserve Staff: Emily Jorgensen, Bryn Scriver and Ben Winesett

The University Apartments are fortunate to be surrounded by the Lakeshore Nature Preserve — a 300-acre outdoor teaching and research laboratory on the UW-Madison campus. Although the preserve is a highly utilized leisure space, wildlife viewing area, and a hotspot for biodiversity, it is also a work in progress. The preserve is actively managed to enhance wildlife habitat, maintain soil, and increase storm water infiltration, among other ecosystem services. Management activities include the use of prescribed fire, the removal of invasive plant species and the addition of native plants.

There are a few simple things you can do to help keep the Lakeshore Nature Preserve healthy and beautiful:

• Do not collect or pick plants, wood, stone, earth, or animals.
• Dispose of waste in receptacles provided at fire circles and parking lots.
• Get involved! Join in a drop-in volunteer opportunities or a free, family-friendly nature walk. See box below for more information

To learn more about the Lakeshore Nature Preserve visit: lakeshorepreserve.wisc.edu.

MAY FIELD TRIPS AND VOLUNTEER EVENTS

<table>
<thead>
<tr>
<th>Date</th>
<th>Event Description</th>

KITCHEN KORNER: PERFECT PICKUP AT RIGHT TIME

Submitted by Mary Murray

The middle of April brought a three-day ice storm. Several times I went to the door to my backyard and stared at my garden frames, which are supposed to be filled with fresh dirt and compost by now. Instead I watched them fill with snow and ice (and more snow and ice) until that junk made those frames completely disappear. I was done. I let myself sink into climate change despair.

A few hours later I found myself at Costco, roaming the aisles with all the others seeking diversion from the storm. And then it happened: Strawberries! Huge containers of traditionally and organically grown berries with just $1 difference in price. What 10 years ago would have seemed like a suspicious off-season trick (hard, flavorless berries) turned out to be the redeemer of my sun-parched soul. They were bright red, plump, juicy and extremely flavorful.

I spent the rest of the weekend cooking, working strawberries into almost every meal.

Strawberries were first cultivated in their wild form, growing in forests. Around the 14th century France’s King Charles V brought 1,200 wild plants to his royal garden. From the start it was determined that the entire strawberry plant was useful for treating depressive illnesses. To me this is a no brainer: complex medical research as of today, but a plant that brought the blues to the sunrise, to the eventual flower of hope, to the eventual turning of the season.

Here is a great way to heal the blues now, until the sun shows up to do it for you.

**Strawberry Salad**

- 6 cups of fresh greens (I like half spinach and half romaine)
- 2 cups sliced strawberries
- ½ cup crumbled blue cheese
- Very thinly sliced red onion to taste
- ¼ cup chopped walnuts or pecans

Layer these in a pretty salad bowl, let it sit at room temp for an hour or less, toss with balsamic vinegar and olive oil dressing and Voila’! Bring on spring!
On April 14, University Apartments welcomed approximately 200 residents to the annual Bike Festival. While the weather was not very spring-like outside, we helped to prep residents for spring weather.

The Mad Rollin’ Dolls Madison’s Roller Derby team distributed and fitted approximately 125 bike helmets, which were donated by the Office of Child Care and Family Resources as well as the University Apartments Assembly, to children in the community. If you missed out on a helmet, you can get them for a reduced cost of $10 at Kohl’s Safety Center at American Family Children’s Hospital.

Free bike repairs, water bottles, biking information, guides and maps were also part of the program. Residents enjoyed face painting, bingo, a bike safety and obstacle course, photo booth, music and healthy to-go food.

Our friends at UWPD would like to encourage our community to register their bicycle with them and their partners Bike Index at this link: bikeindex.org/uw. Bicycle theft is one of the most common crimes on campus and registering your bike, using a sturdy u-lock, and always call 9-1-1 if you see suspicious activity.

This event would not have been possible without our community/campus partners of Budget Bicycle, Revolution Cycles, Down with Bikes, Madison BCycle, Red Village Church, Mad Rollin’ Dolls Madison’s Roller Derby, Office of Child Care and Family Resources, University Apartments Assembly, UW Police Department, UW Transportation Services, I9 Sports, Wisconsin Center for Academically Talented Youth (WCATY), Madison Metro, Kohl’s Safety Center, and Bucky Badger.

BRING YOUR BIKE ON MADISON METRO TRANSIT

![Metro Logo](image)

Get the most out of your commute or for a great way to get out to a bike path farther away. All Madison Metro buses are equipped with bike racks and you can put your bike on for your commute or to a fun weekend ride.

Here are some tips to taking your bicycle on the bus.

Due to safety reasons, all bikes must be transported on these racks. Bikes are not allowed inside the bus.

WAITING TO BOARD

- As the bus approaches, have your bike ready to load
- Remove any items that could fall off (bike pump, water bottle, etc.)
- Always approach the bus from the curb side.
- Tell the bus driver that you are loading a bike.

LOADING YOUR BIKE

- Squeeze the handle and pull down to release folded bike rack.
- Lift bike onto the rack, putting the front and rear wheels in the marked slots. Load the rack nearest the bus first. The front wheel of the bike closest to the bus should face curbside. The front wheel of the second bicycle must face the bus driver’s side.
- Raise the support arm, as far up on the wheel as you can. Make sure it is resting on the front tire, not on the fender or frame.

UNLOADING YOUR BIKE

- Tell the driver you need to unload your bike.
- Move the support arm down and lift out your bike.
- Please fold up the rack if it is empty.

RULES OF THE RACK

- For safety reasons, the driver cannot get off the bus to assist you.
- Bike racks are first come, first served.
- Each bus can carry two bikes.
- There is no additional fare for using the bike rack.
- Children 10 and under must be accompanied by an adult to load and unload bikes.

For more information, you can also visit the Metro Administration Facility (1245 E. Washington Ave.) and learn how to use the bike racks before you travel. Contact Metro’s customer service center to set up an appointment at 608-266-4466 or mymetrobus@cityofmadison.com. You can also watch a video here [www.youtube.com/watch?v=gft4leCVjFY](http://www.youtube.com/watch?v=gft4leCVjFY).
NEW FACES AT UNIVERSITY APARTMENTS

ANDREW WERNER, ASSISTANT DIRECTOR OF RESIDENT SUPPORT SERVICES

Hello, my name is Andrew Werner and I am really looking forward to this new role. I am from Milwaukee, and have lived in Nebraska, Kansas, and New York along the way. I earned my Bachelor of Arts in Communication at UW-Whitewater and then proceeded to get my Masters in Counseling and Student Development at Kansas State University.

I have worked in Residence Life for about nine years and with a few non-university jobs, I am excited to be back.

When I am not at the office, I like to spend time with my wife Kelly and our dog Cooper. We also enjoy mini trips throughout the state and our goal is to go to every Major League Baseball stadium to see the Milwaukee Brewers. I am also a huge Green Bay Packers and Wisconsin Badgers fan.

I hope I get the chance to meet every one of you, so I can learn from you in order to make this community the best around. My office is in the Community Center but if you need anything, do not hesitate to email me at andrew.werner@housing.wisc.edu.

CESAR MOLINA, CUSTODIAL TEAM

We are proud to introduce Cesar Molina to University Apartments. Cesar came to us from the physical plant where he did custodial and project work.

Cesar comes with a great deal of custodial and floor maintenance knowledge.

Cesar is a hard worker and is teaming up with Ramon to turn over apartments.

Fun fact: Cesar’s partner is Gabriella who worked at University Apartments previously. When Cesar is not here you are most likely to find him watching soccer. If you come early enough to the Community Center, you will see Cesar cleaning in the classrooms and offices making sure it’s ready to go by 7 a.m. Please help welcome Cesar to our custodial team.

KORI KRIEWALDT, EAGLE’S WING

I am very grateful to have the opportunity to work with the children in Azhar and their families as of February. My favorite part about working with children is supporting their growth and development of new skills and to see them succeed at new challenges.

I completed my Bachelor’s in Child Psychology in 2015 from the University of Minnesota. I have three years of experience in group childcare with infants and toddlers. I enjoy working with these age groups as I enjoy supporting children in exploring the world around them and love being able to see the world through their perspective.

I recently relocated to Madison and am excited to explore what the area has to offer. In my free time, I enjoy being outdoors, crafting, photography, reading, interacting with animals and spending time with my boyfriend.

Please feel free to contact me with any questions: kori.kriewaldt@housing.wisc.edu.
SAM BESTER, CUSTODIAL TEAM

We are excited to introduce Sam Bester to the community. Sam started with us in February transferring from the main campus where he did custodial work on the third shift.

Sam will be partnering with Blanche cleaning apartments as well as the community center in the afternoon.

When Sam is not at work you will most likely find him at the Shell playing basketball. Sam is most proud of his twin boys, Jayceon and Masceon, who love playing basketball with him.

BRITTANY BRENNAN, COMMUNITY CENTER

Hi! My name is Brittany Brennan, and I am the new part-time Administrative Support Specialist at the University Apartments Community Center.

I grew up in Kenosha, Wisconsin, on the sandy shores of Lake Michigan. I came to Madison in 2009, where I earned degrees in History and Anthropology from UW-Madison and a postgraduate degree focused on Exhibit Design. After graduating, I worked for UW Pathology assisting with their graduate program, as well as the Wisconsin Historical Museum, before my husband and I moved to Champaign, Illinois. However, it wasn’t long before the irresistible pull of Madison’s beautiful lakes, people and delicious food brought us back!

In my free time, I love creating. Whether it’s graphic design, re-upholstering found furniture, or renovating my house, there’s nothing better than making the world more fun and beautiful. I also enjoy wandering through the national parks, biking through the solar system, romps around the dog park with my husband and my lovely Lily dog, and traveling the world.

I’m excited to be a part of the University Apartments team, and I am looking forward to working alongside everyone else to keep things running smoothly. I love to help in any way I can, so please stop by the Community Center or drop me an email at brittany.brennan@housing.wisc.edu any time!

JENNIFER HINRICHSEN, EAGLE’S WING

My name is Jennifer Hinrichsen and I am a teacher for Nido at Eagle’s Wing.

I was born in Eau Claire, WI and my hometown is Mondovi, Wisconsin. My family consists of my dad, mom, and older sister. I graduated from Mondovi High School and moved to Ames, Iowa. I attended Iowa State University and received a bachelor’s degree in Early Childhood Education. At ISU, I met my wonderful husband Tom! We now live in Madison and enjoy watching our 2-year-old son grow! We are expecting our second child in August!!

I have worked in child care for 12 years. While an undergraduate at Iowa State University, I worked at the ISU Bright Horizons center for four years as an assistant teacher with age ranges from infants through school-age children. I completed my student teaching experience in a Head Start preschool and third-grade classroom in Des Moines, Iowa. I worked as a lead toddler teacher at a Children’s Choice Learning Center for over a year. For four years, I was a Mentor Teacher at the Colorado State University Childhood Center.

I like exploring the outdoors with my family. I enjoy cooking, playing tennis, swimming, ice skating, and traveling.

I hope to inspire and promote a strong foundation for lifelong development, and I hope to continue learning and to show kindness to everyone I meet.

MARK EIDSON, COMMUNITY CENTER

Greetings and salutations to all. I am the new Molly/office coordinator for University Apartments.

My wife, Lucy, and I moved to Madison and Wisconsin in July, 2017, from Costa Rica, where we lived for 8-plus years. We ran a small hotel in the jungle and returned to be closer to family. I worked in newspapers for 20-plus years with stops in Washington, Oregon, Idaho, Japan and Hawaii.

Lucy and I have two dogs, Mini-B and Akila, and we like exploring around the region as we are not too familiar with our new surroundings.

You can find me at the Community Center or the AFO office daily, so please swing by anytime, and you can also drop me an email: mark.eidson@housing.wisc.edu.
SPECIAL EVENTS

FoodWIse Eating Smart & Being Active

As a part of the University of Wisconsin Extension (UW-Extension) FoodWIse programing offers an evidence-based nutrition class, Eating Smart and Being Active. The content of the curriculum is based on the latest research findings from the 2015-2020 Dietary Guidelines for Americans and MyPlate. This class is funded through federal grants and it is free for families with children that are 18 years and under. The class is available to moms, moms-to-be, dads, grandparents and caregivers of young children. Each class is about 2 hours long and is designed to be taught in sequential order, building on previous lessons. Activities include dialogue-based learning and hands-on activities. Lesson content includes physical activity, nutrition, healthy lifestyle choices, food preparation (cooking skill development), food safety, and food resources management. Registration is required. To participate in this free program, contact: Kazoua Moua, FoodWIse Nutrition Educator, 608-224-3644, moua@countyofdane.com

Mandarin Chinese Class, Fridays through May 11, 1:00-2:00 p.m.

Join to learn a language, about the culture, speak and understand Chinese for business, pleasure and travel. Class opens to all ages. This event is free and requires sign up. Visit go.wisc.edu/233z91 to sign up.

WEEKLY EVENTS

As always, we have many events happening in the Community Center. See below for a listing of weekly events.

**Mondays:**
- Zumba, 5:30-6:30 p.m.; Large Gym
- Badminton, 6:30-7:45 p.m.; Small Gym
- Table Tennis, 6-7:45 p.m.; Room 139

**Tuesdays:**
- Soccer, 6-7:30 p.m.; Large Gym
- Bulgarian Folk Dance, 6:15-7:30 p.m.; Small Gym

**Wednesdays:**
- Basketball, 6-7:45 p.m.; Large Gym
- Insanity Workout, 6:30-7:30 p.m.; Small Gym

**Thursdays:**
- Volleyball, 6-7:45 p.m.; Large Gym
- Bulgarian Dance, 6:15-7:45 p.m.; Small Gym

**Fridays:**
- Yoga, 5:45-6:45 p.m.; Small Gym
- Insanity Workout, 9:30-10:30 a.m.; Small Gym

**Saturdays:**
- Zumba, 9:30-11 a.m.; Large Gym
- Insanity Workout, 9:30-10:30 a.m.; Small Gym

UW FAMILY GARDENING DAY
MAY 5

The 13th Annual UW Family Gardening Day is set for May 5, from 10 a.m. to 1 p.m. The event will take place at the D.C. Smith Greenhouse, 465 Babcock Dr.; Allen Centennial Gardens, 620 Babcock Dr.; and the Steenbock Memorial Library, 550 Babcock Dr. There is no charge for the event.

The event gives all a chance to see and explore some of the facilities on campus for teaching, research and outreach in the plant sciences. You can also tour the gardens around campus.

For more information: www.facebook.com/uwfamillygardeningday

Eagle’s Wing students enjoy an Earth Day event hosted by Green House Learning Community. Photo by Joel Ninmann, University Housing.

REQUEST REPAIRS ONLINE

If something in your apartment doesn’t work, let us know right away. Repairs will be made even if you are not at home.

Night, weekend, and holiday repairs are only made in urgent situations. If you put in a repair request as soon as you notice a problem, it may keep the problem from getting worse at a time no mechanic is available.

When you need a non-emergency repair, use the Repair website. Only request one repair on each form. The Repairs webpage also has some instructions on small repairs you can make yourself.

www.housing.wisc.edu/apartments-maintenance-request

TO CONTACT RESIDENT MANAGERS

A Resident Manager is on-call from 5:30 p.m. to 8 a.m. on weekdays, and 24 hours a day on holidays and weekends. No Resident Manager is on Duty at other times, when the University Apartments Office (in the Community Center) is open.

Due to problems with cell reception (sometimes the Resident Manager on Duty is in a basement) the most efficient and effective way to contact the Resident Manager on Duty is sending a text. Texts or calls should be placed to 608-444-9308.

CONTACT US:
