The following types of payments are not accepted: credit card cash advance checks, home equity line of credit checks, brokerage account checks, and starter checks.

University Apartments processes all checks promptly upon receipt including post-dated checks. Checks will not be held for any period of time. University Apartments will not be responsible for late

payments caused by a delay in the US. Mail, campus mail, or whatever other form of payment delivery the Lessee chooses to use.

Late Rent and Returned Payments

A late fee of \$20 is assessed if any balance remains on a resident's Lease Account after a 5-day grace period. **The late fee will be increased to \$50 starting with the 2024-2025 lease year.** For Harvey Street residents this would be effective June 1, 2024. For Eagle Heights and University Houses residents this would be effective July 1, 2024.

A \$20 returned payment fee is assessed to a resident's account (as mandated by the State Treasurer's Office) for any returned payment to University Apartments unpaid by the banks.

A hold will be placed on the academic records of residents who are delinquent in their Lease Account payments. This can mean that a resident will not be able to register for the net academic session. University Apartments will release a hold only when full payment is received for the unpaid balance(s).

Residents who remain delinquent for more than one month place their apartment lease at risk. The Division may not renew a lease for a resident who is in arrears in rent or other charges or who has an outstanding balance on a Lease Account.

Contact our Cashier's Office at cashiers.office@housing.wisc.edu or (608) 262-2230 if you have any questions about our Payment Terms.
